

## WE NEED YOUR HELP!

**We urge you to contact the President and Vice President demanding they immediately direct publication of the Equal Rights Amendment protect reproductive healthcare and guarantee equality for all.**

Activists:

As you are aware, the duly ratified Equal Rights Amendment (“ERA”) is the 28<sup>th</sup> Amendment to our Constitution. The ERA not only guarantees equality for all, it saves reproductive rights, bodily autonomy, contraception, same sex marriage, interracial marriage and so much more, all of which are at risk after the Supreme Court’s decision in *Dobbs v. Jackson Women’s Health Organization*.

President Trump recently admitted that he was responsible for overturning *Roe*, which he did by blocking the ERA from being published in our Constitution. As is evident from recent court decisions in Pennsylvania and Nevada, where state ERAs have been used to defeat restrictions on reproductive healthcare, *Roe* could not have been overturned if the ERA was in the Constitution.

Unfortunately, the Trump Administration blocked publication of the ERA as part of a larger campaign against the rights of women, girls and LGBTQIA+ persons. Prohibitions on IVF Healthcare, eliminating no fault divorces or prohibiting divorce while the mother is pregnant, domestic abusers being permitted to carry handguns. The list goes on.

Publishing the ERA as the 28<sup>th</sup> Amendment would put an end to the war on women and LGBTQIA+ people and help us restore the rights already lost. We just need the ERA published!

Despite the fact that [reproductive rights cannot be restored without the ERA](#) and the mounting evidence that the ERA will protect women, girls and LGBTQIA+ people, the Biden Administration has not yet published the ERA. This [letter to President Biden, sent by 84 organizations and medical associations](#), discusses why we need him to direct the US Archivist to publish the ERA immediately.

We need your help to get the Biden Administration to have a unique opportunity to make a final push. But we need your help.

The attacks on the rights of women, girls and LGBTQ+ people are increasing exponentially every day. Recent decisions in Pennsylvania and Nevada, where state Equal Rights Amendments were used to defeat abortion restrictions, make clear that the federal Equal Rights Amendment (“ERA”) would stop these attacks, including on reproductive healthcare, and help us restore those rights already lost.

We need you to take immediate action to save women’s reproductive rights and guarantee equality for all Americans. It’s time to direct the Archivist to publish the ERA.

In 2020, women put you in office in large part due to your commitments in the Biden Agenda For Women, which includes support for the ratified ERA and states:

*“For Biden, it’s a simple proposition: his daughter is entitled to the same rights and opportunities as his sons. He believes every issue is a women’s issue — health care, the economy, education, national security — but women are also uniquely and disproportionately impacted by many policies.”*

Now, you are promising, if reelected, to “Restore Roe,” which we know you cannot do without the ERA. If you are fighting for our freedoms as you claim, we expect that you will immediately direct publication of the ERA. Anything short of that is disingenuous and unacceptable.
